WHAT WE HAVE DONE FOR OUR MEMBERS LATELY

- The MRLPP (MRL Protection Program), a program to resolve complaints of Mobilehome Residency Law violations, was created as the result of the passage of AB 3066, sponsored by GSMOL in 2018. In 2023 GSMOL successfully sponsored AB 318 which extends the MRLPP for three more years!

- We helped our members in a park in Capitola get an RSO for their city early in 2023. GSMOL leaders and members in Thousand Oaks got a Senior MHP Overlay enacted last summer, and a GSMOL Chapter in Ojai worked with Ventura County to amend its RSO to remove a loophole affecting parks constructed later than 1982.

- Our local leaders are also working with members to solve park problems and educate them on their rights under the MRL and local ordinances. There are three current efforts getting underway in San Luis Obispo County. GSMOL has also put on a Regional Conference recently in Santa Maria and plans for more in Region 8 in the coming year!

AND WE HAVE THESE BENEFITS FOR OUR MEMBERS ALL THE TIME!

Our **magazine "The Californian",** with articles on MH topics, legislative updates, and GSMOL news from around the State. The magazine is now an e-magazine sent to all members whose email addresses are on file with GSMOL. Be sure the GSMOL Office has your correct email address! Members without email can arrange with the GSMOL office to receive printed copies.

Our **website www.gsmol.org** featuring many resources for MH owners, and our **Facebook page** https://www.facebook.com/GoldenStateGSMOL

Our **"Legislative E-Blast" Email Bulletins** – members can subscribe at **www.gsmol.org**

Our statewide corps of **volunteer leaders** who understand the plight of homeowners because they are your neighbors serving on your behalf!

YOU CAN MAKE A DIFFERENCE!

We would not have the Mobilehome Residency Law (MRL) if it were not for our statewide Legislative Action Team (LAT) and professional lobbyist working in Sacramento – **AND our members** who make up the Legislative Action Teams in their parks.

Many of the cities and counties that have space rent stabilization, park closure protection or senior park overlay ordinances would not have them if it had not been for GSMOL leaders **AND GSMOL members** from neighboring parks working together.

Many of the victories in the courts which have affirmed the rights of MH owners would not have been won without the support of GSMOL – its attorneys, **AND its members** who took up the cause of fellow MH owners and turned out to support them at hearings.

Manufactured-home owners can do amazing things when they work together and GSMOL is here to help make that happen!
